**Subject:** Your State Representative, Sherry Frost

Dear Rep. Shurtleff,

I am a lifelong resident of Dover and a former State Representative having served four terms in the House. I am sure you have been apprised of the conduct of our Democrat State Representative from Dover's Ward 4, the Hon. Sherry Frost. I have received calls, emails and been approached personally about the lack of civility, decency, and respect with which Rep. Frost has decided to communicate with others and impart her views especially via social media. Frankly I am embarrassed and ashamed of the discredit she has brought to our Dover Representative delegation.

We have had situations in the past, from both parties, whereby we have had to regrettably apologize for the behavior of someone who should be more aware that they need to live up to the title of "Honorable." They may not realize or remember that with the position comes a responsibility to be aware, at all times, that a Representative is just that, a "*representative*" of those who elected them and particularly the people in their district and also of their party. Surprisingly, Rep. Frost is an educated professional and surely should realize that and know how to present her views in a more civilized, mature, and articulate manner.

She, along with all our State Representatives of both parties, deserves our thanks and appreciation for running, serving, and being willing to put themselves out there in what is often an unappreciated and undervalued role that is truly a public service to our community. I'm reluctant to pass on criticism or complaint of someone who serves in good faith and with the willingness to endure the sacrifices we all, who have served, know go with the position. I would only do so with the hope that you, Rep Shurtleff, as a minority leader for whom I have great respect, would be able to speak to and counsel Rep. Frost of her duty to represent your party and her constituents and the State of New Hampshire in the very best way possible.

Thank you so much for your service over these years and for your attention to this matter.

Respectfully,

Phyllis Woods, Former State Representative and Former Republican National Committeewoman

Hi Mrs Woods,

First of all thank you for your service to NH. I spoke with Rep. Frost and even before my call she realized the inappropriateness of her language. In our weekly newsletter to my fellow Democratic State Reps., "Never write anything you wouldn't say on the floor of the House.

Have a wonderful holiday weekend.

Steve

Good Morning Rep. Shurtleff,

Thank you for your prompt attention to this matter. I know this is as much of a concern to you as it is to us who are represented by Rep. Frost. Appreciate your response.

Phyllis
